

VOM Meters

MODEL 310

Applications

- Quickly & accurately measure the voltage, resistance and current
- Perfect for professionals and DIY
- Test various electronics

Features

- 18 Ranges and Functions
- AC/DC Voltage to 1200V
- DC Current to 0.6A
- Resistance to 20M Ω
- Drop Resistant, High-Impact Case
- Diode Overload Protected Meter
- Fused Resistance Ranges
- Single Enclosed Range Switch

Alternate Models

- Model 310c - PN: 3022
- AC/DC Voltage to 600V
 - Polarity Reversing Switch

- Model 310 TEL - PN: 3067
- Polarity Reversing Switch
 - Designed with the telco service person in mind
