

## Journeyman Universal Combination Pliers

These 8-Inch Universal High-Leverage Combination Pliers feature a crimping die behind the hinge for superior leverage while crimping non-insulated connectors, lugs and terminals and and a high-leverage design, with the rivet closer to the cutting edge for 40% greater cutting and gripping power than other pliers designs. The universal tapered head-design allows for greater access in confined spaces. Klein's trademark dual-material Journeyman handles feature a soft outer surface for comfort and a hard inner material for toughness and durability.
